

AOG "L" Series

The AOG "L" series presents a redefined bold look with an analog thermometer wrapped in a black metal bezel with matching handle mounts and knob bezels. The LED light bar highlights the rugged knobs and is adjustable to multiple colors. AOG grills are engineered, designed and built for reliability, and to connect families and communities around food and fire. The cut out dimensions remain the same as any past AOG grill of the same size.

"L" Series Highlights:

- Heavy 304 Duty SS Tubular Burners
- Flame Thrower Valve System
- Easy Lift Oven
- Large Analog Thermometer
- Black Steel knob Bezels
- Black Steel Handle End Caps
- New Vaporizer Panels for heating performance
- Warming Rack
- Factory Installed windguard
- Interior Lights
- External LED Light Bar
- Remote control for Light Bar Operation
- Back Burner with rotisserie
- LED Master Button

AOG "T" Series

The AOG "T" series delivers a simplified and capable look. For the griller who wants reliability and ease of use, the AOG "T" series meets the bill. 304 stainless steel tube burners and the flamethrower piezo ignition come equipped on all AOG grills from both series.

"T" Series Highlights:

- Heavy Duty 304 SS Tubular Burners
- Flame Thrower Valve System
- Easy Lift Oven
- Large Analog Thermometer Warming rack
- Black Steel knob Bezels
- Black Steel Handle End Caps
- New Vaporizer Panels for heating performance
- Warming Rack
- Factory installed windguard
